Counseling and Guidance Concepts

History and Development

Let's not ecumenicalize, 73
A parable for counselors, 73
Realities confronting elementary school guidance, 350
The legitimacy of elementary school counseling: some unresolved issues and conflicts, 355
Rehabilitation counseling: a profession or a trade?, 567
The "Dread" Scott and Krueger decisions, 601
Guidance in the Royal County of Berkshire, England, 662
Threads that bind us together, 773
Vocational guidance in Soviet schools, 790
Student power in medieval universities, 944
The authority controversy and today's student, 949
College student personnel and academic freedom for students, 954
Saints, saviors, and scoffers, 1012
. . . Last tag!, 1012

Objectives

Youth's dilemma: to be or to become, 173
Disciplinary counseling: a contradiction?, 437
Human freedom and the counselor, 777
Educational counseling: concern of the school counselor, 858
Comment, 862

Methods or Process

Existentialism, self theory and the existential self, 53
Predicting freshman grades and counselors' prediction style, 134
The life career game, 328
Use of reinforcement technique with a first grade boy, 366
Only one robin to the acre, 505
The conciliator in college counseling, 544
On the other hand, 548
Determinants and effects of counselors' verbal roles, 694
Group dynamics—boon or bane?, 744
Why don't they write right!, 807
The valuable allies, 879
Contributions of teleoanalytic theory and techniques to school counseling, 898
Team counseling in counselor education, 981

Orientation

More on the self-concept of welfare recipients, 505
Pseudo-subjectivity in counseling, 572
The concept of culture and its significance for school counselors, 844
Sociological explanations for student problems, 852

Worker

Guidance counselor with stripes on his sleeve, 73
Elementary school counselor or child development consultant, 75
Standards for the preparation of secondary school counselors—1967, 96
The counselor and the school as a social organization, 228
Is the counselor a woman?, 444
Semantic barriers in counseling, 449
Content analysis of counselor and teacher responses, 456
Status of guidance and counseling in the elementary school, 536
That controversial ad, 602
Here's how it happened, 602
Counselor competence: some proposals in search of advocacy, 655
One counselor's reaction, 660
On becoming a counselor, 673
Job satisfaction and effective performance of school counselors, 864
Does teaching experience matter?, 893

Research Needs

ERIC Counseling and Personnel Services Information Center, 68
Decision theory and vocational counseling: important concepts and questions, 165
Do we have a theory of vocational choice?, 335
School counselor problems: Colorado and Massachusetts, 385
Diatribe . . . jejune . . . libelous . . . irresponsible, 1011

Personality

Theoretical Systems

Individual psychology as a basis for the counseling of low achieving students, 283
Sociological explanations for student problems, 852
Contributions of teleoanalytic theory and techniques to school counseling, 898

Organizing Concepts

Existentialism, self theory and the existential self, 53
Stability of values of junior high school pupils and their parents over two years, 268
Aspirations for college, 462
Self-concept and school adjustment, 478
Brothers under the pin, 794
Measuring the mystique, 967

Trait Dimensions

Aspirations and expectations of physically impaired high school seniors, 59
The non-achievement syndrome, group therapy, and achievement change, 393
Is the counselor a woman?, 444
Personality characteristics of achieving and underachieving high ability senior women, 976

Adjustment Factors

Individual

Academic achievement, ability, and the MMPI Scales, 156
Factors related to inconsistent career preferences, 346
Self-concept and school adjustment, 478
Success rates in the vocational rehabilitation of mental patients, 801

Interpersonal

Fear of paternal competition: a factor in vocational choice, 235
Parent perception of retarded child's intelligence, 382
Peer evaluation and academic achievement in performance classes, 580

Group

Youth's dilemma: to be or to become, 173
Prediction of persistence at work of women dentists, 247
Peers' perceptions of Negro and white occupational preferences, 288
Elementary school counseling and peer relations, 360
Social desirability and attitudes toward the disabled, 375
Aspirations for college, 462
Analysis of college dropouts—some manifest and covert reasons, 681
College dropouts: dismissed vs. withdrew, 685
Measuring the mystique, 967

Environmental

Role models for lower class Negro boys, 6
Significant content of group counseling sessions with culturally deprived ninth grade students, 11
The effect of mother's employment on the achievement, aspirations, and expectations of the child, 263
Factors related to inconsistent career preferences, 346
Student socio-economic status and counselor contact in junior high school, 466
Personality correlates of the high school experiences of prospective teachers, 473
Manipulation of the environmental press in a college residence hall, 555
The concept of culture and its significance for school counselors, 844
Sociological explanations for student problems, 852
Case study: summer counseling with disadvantaged junior high school students, 884
Attitudes toward school guidance of counselors and the disadvantaged, 889

Educational Development

Educational Choice Factors

College freshmen view counselor help in college selection, 178
The effect of mother's employment on the achievement, aspirations, and expectations of the child, 263
Aspirations for college, 462
Reflections on the great plan, 504
Do scholarships help?, 782
Influencing college attendance plans, 786
Social status and prestige in the selection of a program of study in the community junior college, 1005

Achievement Prediction—Pre-college

Predicting academic achievement with the High School Placement Test, 140
Personality correlates of the high school experiences of prospective teachers, 473
Self-concept and school adjustment, 478
Peer evaluation and academic achievement in performance classes, 580

Achievement Prediction—Undergraduate

College adjustment and performance of low-income freshman males, 123
Predicting freshman grades and counselors' prediction style, 134
Academic achievement, ability and the MMPI Scales, 156
Academic careers of gifted women, 252
Individual psychology as a basis for the counseling of low achieving students, 283
The non-achievement syndrome, group therapy, and achievement change, 393
Reflections on the great plan, 504
Personality of college underachievers who improve with psychotherapy, 561
The college pushout, 677
Analysis of college dropouts—some manifest and covert reasons, 681
College dropouts: dismissed vs. withdrew, 685
The desk or the bed?, 876
Personality characteristics of achieving and underachieving high ability senior women, 976

Special Population

Role models for lower class Negro boys, 6
Significant content of group counseling sessions with culturally deprived ninth grade students, 11
Aspirations and expectations of physically impaired high school seniors, 59
Poor youth do want to be middle class but it's not easy, 116
College adjustment and performance of low-income freshman males, 123
Post-high school performances of superior students, 150
The academic interests of college women: a factorial study, 258
Individual psychology as a basis for the counseling of low achieving students, 283
The non-achievement syndrome, group therapy, and achievement change, 393
Reflections on the great plan, 504
Brothers under the pin, 794
Interests of engineering graduates according to undergraduate curricula, 909

Vocational Development

Theoretical Aspects

Work values of school counselors attending NDEA summer guidance institutes, 27
Continuity and discontinuity in vocational development theory, 32
Poor youth do want to be middle class but it's not easy, 116
Decision theory and vocational counseling: important concepts and questions, 165
Fear of paternal competition: a factor in vocational choice, 235
The life career game, 328
Do we have a theory of vocational choice?, 335
Factors related to inconsistent career preferences, 346
More on the self-concept of welfare recipients, 505
A theoretical foundation for the use of occupational information in guidance, 636
Career process: a new concept for vocational behavior, 644
Attractiveness of occupations to high school students, 754
Stability and change in the social status of occupations over 21 and 42 year periods, 762
The relationship of sex to occupational prestige, 765
Measuring the mystique, 967
Social status and prestige in the selection of a program of study in the community junior college, 1005
Diatribe . . . jejune . . . libelous . . . irresponsible, 1011

Occupational Structure

Ranking and factorial structure of occupational stereotypes among Jewish pupils in South Africa, 371

Careers

The woman veterinarian, 971

Occupational Choice—Environmental Factors

Role models for lower class Negro boys, 6
A report from the U.S.S.R.: the problem of providing employment to secondary school graduates, 130
Predicting occupational status for non-college-bound males, 144
The effect of mother's employment on the achievement, aspirations, and expectations of the child, 263
Peers' perceptions of Negro and white occupational preferences, 288
Personality correlates of the high school experiences of prospective teachers, 473
Social status and prestige in the selection of a program of study in the community junior college, 1005

Occupational Choice—Personal Factors

Seven-year follow-up validities of readiness for Vocational Planning Scales, 22
Aspirations and expectations of physically impaired high school seniors, 59
Predicting occupational status for non-college-bound males, 144
Factors related to inconsistent career preferences, 346
Aspirations for college, 462
The early identification of managerial talent, 586
Attitudes toward business as a function of student quality and career intentions, 903
Interests of engineering graduates according to undergraduate curricula, 909
Stability and change in the career plans of ninth grade girls, 961

Occupational Adjustment

Post-high school performances of superior students, 150
Factors associated with the participation of women doctorates in the labor force, 240
Prediction of persistence at work of women dentists, 247
Success rates in the vocational rehabilitation of mental patients, 801
Job satisfaction and effective performance of school counselors, 864
Vocational satisfaction among ministerial students, 870

Measurement

Psychometric

Seven-year follow-up validities of readiness for Vocational Planning Scales, 22
The predictive value of a student's choice of vocation, 428
Comment, 434
Reply to Campbell, 504
A creative suggestion to the editor, 505
Mea culpa, 505
The early identification of managerial talent, 586
Audio-visual counseling scale, 690

Test Selection and Use
Predicting freshman grades and counselors' prediction style, 134
Predicting academic achievement with the High School Placement Test, 140
Academic achievement, ability and the MMPI Scales, 156
Effects of an accelerated reading course of SAT-V scores, 292
A modest experiment on test motivation, 606
GATB aptitude intercorrelations of ninth and twelfth graders—a study in organization of mental abilities, 668
Validity of USES aptitude test batteries for predicting MDTA training success, 984

Tests

Intelligence
Parent perception of retarded child's intelligence, 382
GATB aptitude intercorrelations of ninth and twelfth graders—a study in organization of mental abilities, 668

Educational Aptitude
Effects of an accelerated reading course on SAT-V scores, 292

Special Aptitude
GATB aptitude intercorrelations of ninth and twelfth graders—a study in organization of mental abilities, 668
Validity of USES aptitude test batteries for predicting MDTA training success, 984

Interest Attitudes and Values
Work values of school counselors attending NDEA summer guidance institutes, 27
Interest inventories and the developmental framework, 37
Academic achievement, ability and the MMPI Scales, 156
Stability of values of junior high school pupils and their parents over two years, 268
The predictive value of a student's choice of vocation, 428
